OUR MISSION

The Fanwood-Scotch Plains YMCA is dedicated to improving the quality of life of the individuals, families and communities we serve through programs and services that build wholeness of spirit, mind and body. The YMCA is a not-for-profit organization founded on Christian principles, serving people of all ages, races, faith, cultures and socio-economic conditions.

FOREVER HERE FOR OUR COMMUNITY

Last year, our Y gave out \$228,367 to support 548 local individuals. In addition, after our closure in March due to COVID-19 and as we reopened, we continued working to help our neighbors in need in a number of ways.

- 92 — Children served in our essential virtual learning and Child Care programs
- 4,000+ — Phone calls and socially-distanced visits made to check in on our members
- 300 — Pounds of food on average collected to benefit local food banks each month
- 71 — Pints of blood collected during our two blood drives with the American Red Cross Plus, so much more.

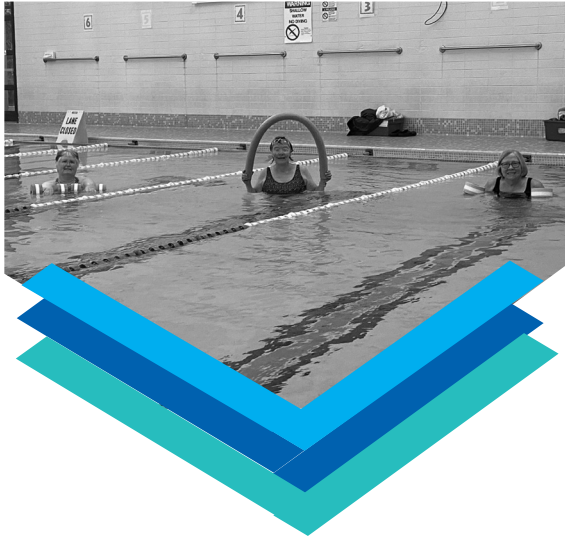

This would not be possible without our generous donors.

COMMUNITY CHAMPIONS MONTHLY GIVING PROGRAM

When you join our Y's monthly giving program you become a part of the good work the Y does to support our members and the community throughout the year.

Community Champions are YMCA supporters who have chosen to make a monthly gift to our Y because they believe in the work we are doing to help our neighbors thrive. Becoming a Community Champion is easy and can be done by filling out the form in this brochure and submitting it at our Welcome Center. Monthly donations will automatically be drafted each month for as long as you choose. This is an easy way to make an even greater impact on the individuals and families who rely on our YMCA for vital programs and services such as Child Care, Summer Camp, chronic disease prevention programs, swim lessons and so much more.

This program grew out of our closure during the COVID-19 pandemic, when we transformed into a Y without walls. Our building may have been closed, but our Y remained open for good. Monthly donations made by the generous founding members of the Community Champions program allowed us to continue our work in the community. This included collecting donations for local hospitals and food banks, offering free virtual exercise classes to keep our community active, hosting community blood drives, continuing our chronic disease prevention programs virtually, and much more.

Now, and always – no matter what challenges come our way – our goal is to be here forever. We strive to be a constant source of support and resilience for our neighbors. Thank you for becoming a Community Champion and helping to ensure that we can continue serve local individuals, children and families now and into the future.

I'm excited to become a Community Champion!
